EETT Competitive Grant Application Underway

On February 29, the California Department of Education (CDE) posted the Request for Applications for the \$15 million federal Enhancing Education Through Technology Competitive (EETT-C) grant program. Fifty school districts and direct-funded charters in CTAP Region 10 are potentially eligible to apply for funding through this No Child Left Behind federal program; districts must have a current, state-approved technology plan in order to receive funding.

The competitive portion of the EETT-C program is based on a regional allocation, with \$2,177,149 available for the successful districts in CTAP Region 10. Districts must send their completed application to the Education Technology Office of the CDE in Sacramento by Wednesday, **April 23, 2008**. The applications will be read and scored in May, with notification and awards sent in August.

The primary purpose of this EETT-C program is to improve student academic achievement in grades four through eight through the use of technology. In addition, the program strives to enable students to cross the digital divide and acquire technology skills; to encourage communication and collaboration among home, school, and community; to provide teachers with a professional development program for curricular development; and to assist in the development of an effective educational technology infrastructure. Funded districts will review their program using multiple measures and make semi-annual reports to the CDE to demonstrate progress at achieving their objectives.

Funded schools will receive an initial one-time implementation grant of \$300 per student in grades 4-8. A minimum of twenty-five percent of the funds must be used for high-quality professional development. After the successful completion of the initial 2-year grant, schools may receive a one-time grant of \$45 per pupil to sustain the use of technology at the sites.

For more information about the EETT-C Round 7 program, please visit the CDE's website at <<http://www.cde.ca.gov/fg/fo/r5/eettc08rfa.asp>>, or contact Molly Large at <mlarge@ctap10.org>.

Contact—Joan.Scott-Ambrosio@ed.gov, 202-205-5630

Web Site—www.ed.gov/programs/communityschools/applicant.html

Deadline—April 15, 2008 (Application); March 17, 2008 (Notice of Intent to Apply is optional)

Eligibility—Consortia consisting of a local educational agency and one or more community-based organization

Awards—8-12 awards ranging: \$75,000-\$500,000

Carl D. Perkins Career & Technical Education

Student Tech Support Mini-Grants

MOUSE Squad of California (MSCA) Student Tech Leadership and Support programs can help provide technical support for schools. MSCA, a program of Aspiranet, is for upper elementary, middle, and high school students, has an online curriculum, hands-on activities, Student Help Desk, and volunteers.

Contact—Jan Half, 650-345-6338 or 408-712-5912, jhalf@ca.mousesquad.org

Web Site—www.ca.mousesquad.org

Deadline—Ongoing for 2008-09 implementation

Eligibility—K-12 public schools in California

Awards—\$500 for MOUSE Squad Student Tech Program (cost of program is \$2,500 per site for Year 1, \$2,000 for Renewal) for curriculum licensing, training, materials, program management

Win a Wireless Lab Sweepstakes

(<http://cdwg.discoveryeducation.com>)

CDW-G and Discovery Education will provide five winning K-12 schools with a 21st century mobile classroom lab valued at more than \$50,000. Each lab includes 20 laptop or tablet computers, a mobile cart and three wireless access points, a video projector and printer, a document camera, an interactive whiteboard, a personal response system, educational software, and training. In addition to the five grand-prize winners, the companies will award five first prizes, consisting of either an interactive whiteboard or a video projector; 10 second prizes of a notebook computer; and five third prizes of a digital camcorder. **Random drawings will be conducted monthly through May 1, 2008.**

AWARDS/CONTESTS/ TEACHER GRANTS

Doodle 4 Google

The Doodle 4 Google Competition is designed to encourage U.S. school students to use their creativity to create their own interpretation of the Google logo. Along with creating a doodle, students also need to write a title for their doodle and a supporting statement of up to 50 words explaining their "What if . . .?" vision.

Contact—Check FAQs or post questions through the educators discussion group on the Web site.

Web Site—www.google.com/doodle4google/index.html

Deadline—March 28, 2008 (School Registration); April 12, 2008 (Entries Submitted)

Eligibility—Grades K-12 public school or home school students

Awards—The National Winner will win a \$10,000 college scholarship, a trip to the Googleplex, a laptop computer, and a t-shirt printed with their doodle. The National Winner's doodle will "go live" on the Google homepage for 24 hours. The winner's school will also receive a \$25,000 grant for a computer lab. Each of the other 3 National Finalists will win a trip to the Googleplex, a laptop computer, and a t-shirt printed with their doodle. Each of the other 36 Regional Winners will win a trip to the Googleplex and t-shirt printed with their doodle. Each of the other 360 State Finalists will receive a "Doodle 4 Google" certificate.

AverVision Lesson Plan Contest

Teachers and educators are asked to submit a lesson plan relating to one of six subjects with the use of a document camera as the primary technology or demonstration device. Subject categories include: Mathematics, Science, English/Language Arts, History/Social Studies, Art/Music, and Other.

Contact—lessonplancontest.ppdusa@avermedia.com

Web Site—www.aver.com/presentation/promotion_lesson_plan.asp

Deadline—April 18, 2008

Eligibility—K-12 public, charter, private and home school educators

Awards—Six grand prizes packages of \$1,000 to be used to implement classroom technology and a new AverVision CP300 document camera

2008 National Teacher Awards and 2008 Champion Principal Award

Sponsored by Time Warner Cable Television, the *Teacher Awards* program recognizes outstanding teachers who develop creative learning experiences using cable television resources, such as programming or Internet technology. Projects must involve cable program resources or Internet technology and should focus on curriculum development in areas such as cross-curricular studies, classroom-to-community activities, study-related materials, audiovisual productions, and/or multimedia applications. The *Principal Award* will recognize a champion principal who supports and understands the use of technology as an effective learning resource.

Contact—212-364-8220

Web Site—www.timewarnercable.com/nationalteacherawards

Deadline—April 1, 2008

Eligibility—Eligible schools must be located within a Time Warner Cable service area and teachers (grades K-12) must work at state accredited public or private schools.

Awards—Fifteen teachers will each receive \$2,000 cash and \$3,000 for school technology advancement; one principal will receive \$5,000 for classroom technology enhancement. Both teacher and principal winners will receive trips to the National Teacher Awards gala celebration in Washington DC.

Empowered Education Video Awards

Sponsored by eSchool News Network, this program is designed to honor student produced news videos. To qualify, students make a 3-5

minute original video on the theme of "How Technology Helps Me Learn."

Contact—gdowney@eschoolnews.com

Web Site—www.eschoolnews.com/empowered/

Deadline—April 30, 2008

Eligibility—Elementary school, junior/middle school, high school, junior college/senior college students and their educator-sponsor

Awards—12 finalists (three from each education level) and four top winners will receive prizes and an expenses-paid trip to a gala awards celebration in Washington, D.C.

ING Unsung Heroes Awards Program

The Unsung Heroes program helps those who have a creative, unique educational program that is helping students reach new heights, or helps fund projects that educators would like to implement.

Contact—507-931-1682 or 800-537-4180, ing@scholarshipamerica.org

Web Site—www.ing-usa.com/us/unsungheroes

Deadline—April 30, 2008

Eligibility—K-12 public and private full-time educators, teachers, principals, paraprofessionals, or classified staff with effective projects that improve student learning

Awards—100 awards of \$2,000 each. Of the 100 finalists, three will be selected for additional financial awards: first place will receive \$25,000, second place will receive \$10,000, and the third-place winner will receive \$5,000.

Adobe School Innovation Awards

With the theme "My Community—My Planet—My 21st Century," this awards program is designed to recognize innovative uses of Adobe technology by high school students. Students may submit entries in three categories: Web Design and Development, Film and Video, Graphic and Print Design.

Contact—800-833-6687

Web Site—www.adobe.com/go/k-12awards

Deadline—May 12, 2008

Eligibility—High school students or groups of students, ages 14-19, enrolled in an accredited private or public high school

Awards—Individual and group category winners will receive Adobe software, cash, laptop computers, and the Best-of-Best winner will receive a trip to National Education Computing Conference in San Antonio, TX this summer.

Project Ignition

Sponsored by State Farm Insurance and National Youth Leadership Council, this program provides funding for innovative public awareness, service-learning projects based on teen driver safety. Students must take the lead creating this project, with support from a teacher/advisor and school/organization. Projects may use TV, film, radio, the Internet, events/festivals, performance art, and much more.

Contact—info@sfprojectignition.com, 888-856-7026

Web Site—www.sfprojectignition.com/rules_regulations.html

Deadline—May 16, 2008

Eligibility—Students in grades 9-12 enrolled in public schools, public charter schools and public alternative schools and teacher/advisors

Awards—25 awards of \$2,000 each. Ten finalists will be chosen each of which will receive an award of up to \$5,000 for travel to the National Service-Learning Conference in Nashville, TN in March 2009. A single Best of the Best award of \$10,000 will be awarded at the conference.
