

## San Diego/SoCal TICAL

*Technology Information Center for Administrative Leadership (TICAL)*

**Goal:** To help administrators utilize technology to save time and increase effectiveness. [www.portical.org](http://www.portical.org)

**January 12, 2012 8:00 – 1:00 PM**  
**Murrieta Unified School District**

**To attend RSVP via email to: [smiller2@laverne](mailto:smiller2@laverne). Please include your name, position, district and the email address for directions and reminders.**

Join TICAL cadre members, Devin Vodicka, Butch Owens, Stephen Vaughn, and Sandra Miller, and become part of a select group of administrators who enjoy the benefits of learning from experts and their colleagues about how technology can save them time, improve student learning, and increase their effectiveness.

*There is no charge for those invited to attend.  
A light breakfast and lunch will be provided courtesy of TICAL*

### **AGENDA OUTLINE**

***Breakfast Goodies with Juice and Coffee available at 8AM.***

**1. TICAL Website** Participate in a “Hands-On” tour of selected features of [www.portical.org](http://www.portical.org). Learn how you can download Google form templates to save you time with Walkthroughs and Behavioral Interventions. See how to quickly find educator selected Mobile Apps to meet school needs. Explore the “Quick Takes” section for instant presentations for other administrators, teachers, and parents.

**2. On-line Learning** "How are Schools changing?" Overview of online learning in Murrieta. Include: Vendor provided curriculum, Teacher developed curriculum, Learning Management Platforms, Staff Development Online, Hybrid Courses, Future Plans

**3. Special Ed Apps** Learn how the use of iOS (iPads) supports the full spectrum of Special Education. Apps for administrators, teachers, and students.

**4. Social Media** “How is social media (Facebook & Twitter) impacting schools? Learn about the experiences of students, teachers, and administrators. The first steps, missteps, and next steps will be reviewed and illustrate the potential for leveraging new resources to build connectedness and improve student learning.

**5. New Tools/Apps/Sharing**  
• E-readers, Mobile Apps, Smart Pen

***Lunch with technology sharing discussion***

**TICAL San Diego/SoCal is an expansion project designed to replicate the statewide TICAL Cadre. Educators** (Superintendents, Assistant Superintendents, Directors, Principals, and Technology Specialists) provide workshops and presentations on current and emerging technologies. They help improve our schools and support administrators 24/7 through the website: [www.portical.org](http://www.portical.org)
